

WHY VOY CANDLES

MADE IN USA - We pride ourselves in supporting local manufacturers.

Premium Soy blend. We used the best wax quality for our candles. It burns well and holds the scent longer.

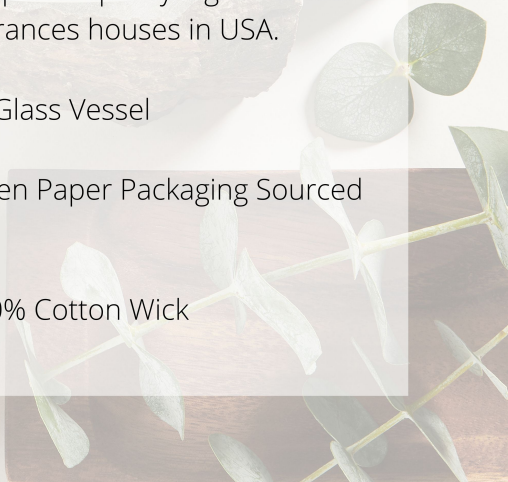

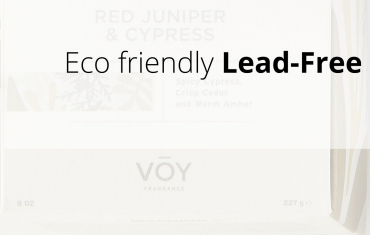

High fragrance load for intense scent dispersion- 10-12% in each candle compared to average of 6% in market candles.

Premium Ingredients- Superior quality ingredients are sourced from the best fragrances houses in USA.

VOY IMPACT

The Voy Fragrance curation process demonstrates a thoughtful approach to the impact we make on the environment. Our candles are made in the USA with a premium soy-blend wax, custom scented with globally farm sourced fragrances and feature a lead-free cotton wick

Each candle is elegantly presented in a heavy-weighted glass vessel which can be creatively repurposed. Our gift-packing is meticulously crafted with a glue-free linen paper responsibly sourced from managed forests.

The natural essential oils create an uplifting mood-enhancing affect imparting a sense of wellness and serenity.
